### **TAX CREDIT CERTIFICATE**

The Residential Energy Efficient Property Credit in Section 25D of the Internal Revenue Code provides tax incentives to encourage the use of geothermal heat pumps. For qualifying installations completed between January 1, 2008 and December 31, 2008, eligible home owners can obtain a tax credit of 30% of the total investment up to a maximum credit of \$2,000.00. For qualifying geothermal installations completed between January 1, 2009 and December 31, 2016, eligible home owners can obtain a tax credit of 30% of the total investment with no maximum limit. Consult your tax advisor for further information. IRS Form 5695 can be used to file for the federal tax credit. To be eligible for the credit, geothermal heat pumps must meet or exceed the Energy Star requirements. It is recommended that you keep all documents supporting this tax credit.
